3. To create a criterion for the Peerreview, go to part three Given reviews, now chose Configure under feedback criteria

Given reviews Students give feedback on their peers' submissions, based on the feedback criteria set by the	to teacher.
Feedback criteria 1 section · 1 comment criterion	CONFIGURE
Required number of groups to review ⑦	1 👻
Students also do self-assessment ⑦ Students review themselves, before reviewing others, yet can switch between reviews	
New user interface design Beta ⑦ Students use the new design for reviewing and reading feedback	•
Scheduling deadlines	~
Allocations Automatically - One by one (recommended)	~

4. Now choose whic type of criterion you want to create, Comment criterions can be included in both the other criteria types.

18. Now you need to create the criterion, here I am creating a Rubric, I will type in rating, rating descriptions and whether comment should be allowed.

			Beginnin	g :	Emerging	:	Proficient	
			0	points	1	point	2	point
3	Theory Allow comments, 0) ×	Description	n for this rating	Description	for this rating	Description	for this ratin
~ >	Criterion * Allow comments, 0 required	×	Description	n for this rating	Description	for this rating	Description	for this ratin
~	Criterion * Allow comments, 0 + ADD CRITERION	×	Description	n for this rating	Description	for this rating	Description	for this ratin
